EPA REGION III
OIL AND TITLE III

Facility Response Plan Coordinator:

Pennzoil Products Company is enclosing revisions to the OPA Response Plan for the Etowah (Charleston), WV Terminal. Minor modifications were necessary throughout the plan to correct or provide additional information in certain areas. The enclosed pages should be inserted into the plan while discarding those they replace.

Please contact Mr. Michael Dudley at (304) 342-8161 if further information is needed during the review of the facility's OPA Response Plan.

Sincerely,

Brenda L. Clark

Gentlemen:

By this letter of intent Weavertown Environmental Group (WEG), a division of Weavertown Transport Leasing Inc. (WTL), agrees to be named in your OPA Facility Response Plan (FRP). At your request, Weavertown can conduct spill cleanup services and participate in oil spill drills per our current time and material rates.

This is based on the requirements of the Oil Pollution Act of 1990 (OPA-90), the United States Coast Guard Navigation and Vessel Inspection Circulars (NVIC), and the formal request by Pennzoil Products.

We will work with you to draft a mutually acceptable agreement by August 18, 1993 regarding this matter.

Very truly yours,

William G. Burket,
Director, Technical Services
